OBJECTIVE

I'm a passionate MERN Stack Developer and UI/UX Designer who loves turning ideas into seamless digital experiences. With a strong grip on both front-end and back-end development, I build scalable web applications that are not just functional but also visually appealing. My expertise in graphics design helps me craft intuitive user interfaces that enhance engagement. I thrive on solving complex problems, collaborating with teams, and staying ahead of industry trends to create innovative solutions. Let's build something amazing together!

EDUCATION

BTech at Ajay Kumar Garg Engineering College 2023-2027
(A.P.J Abdul Kalam Technical University)

Junior College at Colonel's Brightland Public School 2022-2023
(CBSE)
